

Position Title: Volunteer Website Designer

Organization: U.S. Army Auxiliary Activation Project

Location: Remote

Position Type: Nonpaid, Volunteer

Position Overview: We are seeking a creative and dedicated volunteer website designer to join our volunteer organization. The ideal candidate will have a passion for web design and a commitment to supporting our mission. This role involves designing and maintaining our website to ensure it is visually appealing, user-friendly, and effectively communicates our goals and activities.

Key Responsibilities:

- Design and develop website layouts, graphics, and user interfaces.
- Update and maintain the website content to reflect current events, news, and information.
- Collaborate with the marketing and communications team to ensure the website aligns with our branding and messaging.
- Optimize the website for search engines (SEO) and ensure it is mobile-friendly.
- Troubleshoot and resolve website issues as they arise.
- Provide recommendations for website improvements and enhancements.

Qualifications:

- Proven experience in web design and development.
- Proficiency in HTML, CSS, JavaScript, and other relevant web technologies.
- Familiarity with content management systems (CMS) such as WordPress, Joomla, or Drupal.
- Strong graphic design skills and experience with design software (e.g., Adobe Creative Suite).
- Excellent communication and teamwork skills.
- Ability to work independently and manage time effectively.
- Passion for nonprofit work and a commitment to our mission.

Benefits:

- Gain valuable experience and build your portfolio.
- Contribute to a meaningful cause and make a positive impact.
- Flexible working hours and remote work options.

- Opportunity to collaborate with a passionate and supportive team.

How to Apply: Please send your resume, portfolio *including links to some of your previous work*, and a brief cover letter explaining your interest in this volunteer position admin@ArmyAux.org. We look forward to hearing from you!
